04

Skaï, vinyl, textile, 
textile seams of boats,
gelcoat, non-slip decks
Humidity marks 

pH
12,5

0%
NTA
PHOSPHATE

Powerful stain remover

Properties

Very efficient to remove all humidity marks and black marks on all types of surfaces.

- Removes humidity marks and black marks by simple application and in an instant.
- Thanks to its whitening agents and stain removers, the surfaces recover their original brightness and whiteness.
- Fast action on skaï, vinyl, textile, textile seams of boats, gelcoat, non-slip decks.

Precautions for use

WARNING: do not mix this product with other products, indeed the mixture of 04 and an acidic product (for example Deruster) causes a release of toxic gas: chlorine. We recommend that you handle the product carefully. Wearing protective equipment is required. 04 can discolour or bleach, coloured surfaces, wood. We recommend to do a compatibility test on a hidden part. Do not apply on cottons and colour fabrics, carpets, alcantara.

Instructions for use

Respect usual safety measures for the use of chemical products and wear the appropriate individual protection equipment. Ready for use. Spray the product 20 cm from the surface to be treated, allow to act about 15 minutes, rub the stains with a soft brush and rinse thoroughly with clear water. In case of tenacious or old stains, renew the operation.
